Contact Report - KEMOSEY

1. On 25 February [ ] met KEMOSEY in Stuttgart.

2. KEMOSEY reported that he had gone to Hanover to see Dr. Graf over the week-end of the 21st of February. Dr. Graf discussed with him the possibility of working with a Professor Max Hildebert Boehm, who works at the Ostwissenschaftliches Institut of Ingelburg. KEMOSEY learned very little as to what his work with the institut would be because Professor Boehm was sick and could not come to Hanover. A meeting is planned over the week-end of the 27th of February between KEMOSEY and Professor Boehm. KEMOSEY believes that this is the same Professor Boehm who wrote "Europa Irradians" and that he is interested in East European problems with which KEMOSEY believes the institut concerns itself.

3. KEMOSEY further reported that he had not heard anything more from General Gehlen's people. He is still making up his mind as to where he will eventually work.

4. A contact is planned between KEMOSEY and [ ] on the 4th of March at which time KEMOSEY will report the outcome of his meeting with Professor Boehm and give whatever information he can on the institut, Boehm and Graf.
